Forecast for Wednesday 13 Apr 2022

Weather: A grey and murky start to the morning with extensive low cloud, hill fog and occasional rain/drizzle. Remaining damp across most of the park well into the morning. Slowly brightening up with sunny intervals developing more widely by the afternoon. Scattered showers forming with a few of these heavy and possibly thundery, especially by the early evening.

Chance of cloud-free hill tops above 600m: 20% becoming 70% from midday.

Low cloud and visibility: Extensive cloud above 400-500m with bases of around 300m at times in the west. Becoming more broken by the afternoon with bases generally rising to around 800m and even the highest summits clearing intermittently. Patches of cloud lowering to 700m in and around showers.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Very poor visibilities during the morning of less than 100m at times in the cloud. This will cause navigation challenges, especially on high and featureless terrain. A risk of thunder and lightning strikes in some of the showers during the afternoon and evening.

Recent rainfall: measured at Neuadd: altitude 353m

Recorded at	Last 24 hours:	Last 48 hours:	Last 72 hours:
02:00 on Wed 13 Apr 2022	13mm	14.6mm	14.6mm

Forecast for Thursday 14 Apr 2022

Weather: A similar day to Wednesday with early low cloud slowly breaking up to give some bright or sunny intervals. A few showers may form by the afternoon but these will be isolated and most areas will remain dry.

Maximum wind: South-westerly 10-15 mph over the summits with isolated gusts of 20 mph.

Chance of cloud-free hill tops 600m: 30% at first. Improving to 70% by early afternoon.

Low cloud and visibility: Fairly extensive cloud above 500-600m at first with periods of cloud above 400m on some hills in the west. Lifting and breaking to become occasional periods above 800m during the afternoon and evening.

Temperature: **Valleys:** Plus 6 Celsius rising to plus 17 Celsius.
At 600m: Plus 9 Celsius.
Freezing level: Well above the summits.
